

ORARIO DELLE LEZIONI - A.A. 2024/2025

CORSO DI LAUREA MAGISTRALE IN ELECTRONICS ENGINEERING FOR AUTOMATION AND SENSING
 SECONDO ANNO

curriculum : AUTOMATION

ORARIO	LUNEDI	MARTEDI	MERCOLEDI	GIOVEDI	VENERDI
9:00-10:00	Distributed Measurement Aula SA10	Dynamics and control of switched electronic systems Aula SA10	Distributed Measurement Sala Computer	Dynamics and control of switched electronic systems Aula SA10	
10:00-11:00	Distributed Measurement Aula SA10	Dynamics and control of switched electronic systems Aula SA10	Distributed Measurement Sala Computer	Dynamics and control of switched electronic systems Aula SA10	
11:00-12:00	Dynamics and control of switched electronic systems Aula SA10	Advanced control and applications Aula SA10	Wearable Monitoring Systems Aula SA 10	Micro and Nano Fabrication Technologies Aula SA 8	Advanced control and applications Aula SA10
12:00-13:00	Dynamics and control of switched electronic systems Aula SA10	Advanced control and applications Aula SA10	Wearable Monitoring Systems Aula SA 10	Micro and Nano Fabrication Technologies Aula SA 8	Advanced control and applications Aula SA10
13:00-14:00			Wearable Monitoring Systems Aula SA 10	Micro and Nano Fabrication Technologies Aula SA 8	
14:00-15:00	Micro and Nano Fabrication Technologies Aula SA 8	Distributed Measurement Aula SA10		Wearable Monitoring Systems Aula SA8	
15:00-16:00	Micro and Nano Fabrication Technologies Aula SA 8	Distributed Measurement		Wearable Monitoring Systems Aula SA8	
16:00-17:00	Micro and Nano Fabrication Technologies Aula SA8			Wearable Monitoring Systems Aula SA8	
17:00-18:00					

Insegnamenti:

CURRICULUM AUTOMATION

Advanced control and applications (6 CFU):

Dynamics and control of switched electronic systems (9 CFU):

Distributed Measurement Systems (9 CFU):

INSEGNAMENTO A SCELTA

Wearable Monitoring Systems (9 CFU):

Micro and Nano Fabrication Technologies (9 CFU):

docenti:

Prof. Giovanni Fiengo (gifiengo@unisannio.it)

Prof. Luigi Iannelli (luigi.iannelli@unisannio.it)

Prof. Francesco Picariello (picariello@unisannio.it)

Prof. Luca De Vito (devito@unisannio.it)

Prof. Mohammed Janneh
